# Languages

---

English	Very good
Tamil	Fluent
Telugu	Very good

# Courses

---

Apr 2023	<b>AWS Devops Engineer</b> Greens Technology,Chennai
Apr 2022	<b>Frontend web development</b> Hoperaiser Academy , Coimbatore
Jan 2024	<b>Full Stack developer</b> Guvi, Chennai

# Capstone Project at Guvi

---

## E-Commerce Website Development

Developed an e-commerce website selling fireworks and crackers using React.js for frontend and Node.js with Express.js for backend. Integrated user authentication, product browsing, shopping cart management, and secure payment processing via Stripe. Implemented email notifications with Nodemailer and utilized MongoDB Atlas for database management. Deployed the application on Vercel and Render platforms.

## Key Contributions:

- Led frontend development using React.js and React Bootstrap for a responsive interface.
- Designed and implemented backend functionalities including user authentication and email notifications.
- Integrated Stripe for secure payment processing, ensuring smooth transactions.
- Collaborated with team for efficient communication and timely project delivery.

## Technologies Used:

React.js, Node.js, Express.js, MongoDB Atlas, Stripe, Nodemailer

## BootstrapAchievements:

- Delivered fully functional e-commerce website within project timeline.
- Received positive feedback for leadership and technical skills.
- Successfully deployed application on Vercel and Render platforms.
